

## Lexington Henna Consent Form

### DUE TO COVID:

1. please wear a mask
2. If you are feeling sick or have any symptoms please reschedule your appointment
3. If you refuse to wear a mask or display symptoms upon appointment time you will be asked to leave and reschedule at a later time.

Henna is an all natural dye that contains pure henna, eucalyptus oil, water, and possibly other ingredients, today we will be using preme mehendi. By signing this form you are confirming that you are not allergic to the ingredients in this henna. We would like you to be aware that henna is not permanent and will fade within a week to one month. We do not advise the use of henna if you are allergic to mothballs or naphthalene fumes, or if you have a G6PD deficiency. Henna may have side effects such as inflammation, redness, itching, burning or allergic reactions though these are very rare. Wet henna will also stain clothes and other things such as car seats. By signing this form you are agreeing that you are aware of the risks and do not hold Lexington Henna responsible for any adverse reactions.

We would also like to note that the color of henna present on the skin varies from person to person, we cannot guarantee what color your henna will be. However, we test each cone before every appointment to make sure the henna still produces good color.

By signing you are confirming you are at least 18 years old or am the parent or guardian of the individual receiving henna.

### Henna Follow Up instructions:

1. Clean your skin prior to coming, washing with soap and water or an alcohol based scrub (hand sanitizer) may allow for darker color
2. Henna takes 10-15 min to dry partially so please allow yourself this time after an appointment
3. While henna is wet it will stain clothing and fabric
4. Leaving henna on for longer before crusting off may allow for darker color
5. Coconut oil on skin after crusting off henna may darken color
6. Avoid washing hands with soap/hand sanitizer for 2-3 hours after crusting off
7. Henna will darken over 24 hours
